The Cell has strived throughout the year to assist the students by guiding them at all the times. Apart from maintaining active communication through electronic medium of whatsapp throughout the year, the Cell also conducted meetings on regular basis so that a good communication shall be maintained with all registered students. The meetings were also aimed at securing the feedback of various activities and they acted as “common grievance redressal platforms.”

Change is the only constant in the world. Considering this, the Placement Cell conducted the Student Profiling of first year students of both five year & three year law courses with two fold objectives- To make itself aware about the prospective candidates and to plan to give justice to their expectations from the Placement Cell in coming future.
