LEGAL AID CENTRE REPORT (A.Y. 2020-2021)

The Legal Aid Society is built on one simple but powerful belief: that no Indian should be denied the right to equal justice. We seek to be a beacon of hope Indians who feel neglected—regardless of who they are, where they come from, or how they identify. Being an important stakeholder in the legal field, we owe a duty towards society to shoulder the responsibility of providing legal aid to the masses at large. The institutional support provided through Legal Aid Centre of the College will help the society to have access to justice through expertise without any expenses. The students on the other hand will benefit from the practical exposure and knowledge which they will gain and explore being a part of this Centre and while working on various projects and activities undertaken by the Centre. Due to current pandemic situation, the Legal Aid Centre could not reach on field level; it organized guest lectures, webinars and Legal Aid Camp in online mode to enrich the knowledge of the students about several aspects of their socio-legal responsibility. For the academic year 2020-21 total 252 students registered for the legal aid center. The Centre conducted the following activities throughout the academic year 2020-21.
