We should have more of such interactions with officials and peoples of such great knowledge and experience to boost up our confidence and guide us through various other career fields

N/A

Would like to have the book recommendations by DCP sir

Nothing, everything was perfect

It was very good program. Gill sir was awesome and Durga work was amazing on the other hand

I think that the complaint box should not be in middle because while dropping a complaint a girl or a student will feel shy because everyone is able to see him or her while dropping a complaint in the box

The Program Was Really good hence no suggestions

None

We have not yet received any contact details of the DCP or other Concerning police officers.

Keep doing such a great works for girls safety and girls development

Please install operating fans/ac in the auditorium, it's even more uncomfortable for the guests.

In today's situation girls and to some extend boys also are mentally torchered than physical harrasment. The government or our constitution lacks in behavioural laws. They are just judged on the body posture or colour or maybe their dressing sense which purely inevitable.
