Respected ma'am,  
Following is my short testimonial regarding placement cell. Kindly consider the same.

"I joined the placement cell in the year 2023 and since then my experience with the cell has been utmost cherishing. Right from securing internships till learning all the skills related to the final job interview was the wholesome journey with the cell. The cell carries out various programs, sessions, meetings wherein I got to learn several facets of law, preparation for being suitable in the legal profession, opportunities and it really proved beneficial to me. The most important and useful part of the cell I experienced is the activity of conducting mock interviews by some real legal professionals. Through mock interviews it helped me prepare a lot of things which are really very basic but carry great importance. It also helped me to secure a job at a Law Firm in Pune. I am extremely grateful to the placement in-charge of SCLC, Ms. Pooja Baghel ma'am. She has taken tremendous efforts to manage the cell efficiently and provide good opportunities to students. Her contribution in shaping my thoughts and personality has been extremely blissful. I deep down from my heart express gratitude towards the placement cell and all the authorities of the cell for their precious guidance and efforts."
