Academic Year 2023-2024

Date: - 31st May, 2024

Feedback is an invaluable tool for continuous improvement. This annual report presents a detailed analysis of the feedback received from diverse stakeholders. By understanding their perspectives, the report intends to highlight opportunities to enhance programs, services, and overall institutional performance.

For evaluating the performance of the institution, feedback from various stakeholders were taken, analysed, and acted upon. The institution has a well-designed feedback policy. Following is a brief summary of the analysis of the feedbacks taken from various stakeholders-

1. **Student Feedback-** . SCLC prioritizes continuous improvement in teaching quality by collecting feedback from students every semester. As per policy after the commencement of the semester feedback is collected and analysed within 15 days. This feedback evaluates faculty performance on key aspects such as teaching methodology, pedagogies, tools, and the comfort level of students. By collecting feedback after two weeks in the semester, we enable timely adjustments to teaching strategies. The analysis of the input demonstrates overall satisfactory performance. A percentage of subject-wise feedback of each faculty is provided in the attached table. Specimen feedback form is attached herewith at Annexure, 'I'
2. **Alumni Feedback-** To enhance academic offerings and overall institutional performance, the institution sought feedback from 159 alumni this year. Their input covered three aspects: the relevance and effectiveness of the Savitribai Phule University curriculum as implemented by our college, their evaluation of the college's performance across various dimensions, and their willingness to maintain a connection with the college and actively participate in its development. Specimen feedback along with analysis is attached herewith in Annexure, 'II'.
3. **Teacher's Feedback-** To ensure the continued relevance of the curriculum, feedback from faculty members on various aspects of the curriculum is collected. This feedback helps to identify areas where the curriculum may need to be updated or modified to better align with current trends and industry expectations. A sample feedback form is included as Annexure III for reference.
4. **Employer's Feedback-** SCLC values the insights of our internship and placement providers. To that end, the placement cell collected feedback from these organizations to assess the performance of our students and the effectiveness of our placement programs. The feedback received was positive, highlighting the skills and competencies of SCLC students. Specimen feedback is attached at Annexure IV

5. **Parent's Feedback**:- In the parent-teaching meeting, parent's feedback is taken to understand their satisfaction and identify the areas for improvement for the institution. Specimen Feedback is at Annexure V
6. **Student Satisfaction Survey**: - The institution continuously strives to improve our facilities and services by prioritizing student satisfaction. An online student satisfaction survey using Google Forms was conducted to gain valuable insights. 180 Students participated in this servey, sharing their feedback on various aspects of their experience. The survey results were positive, and the analysis has informed necessary corrective actions. Specimen feedback form along with the analysis of responses received is attached at annexure, 'VI'.
7. **Event Feedback**- To enhance the quality of events conducted by the institution, feedback from participants at the conclusion of each event are collected. This feedback provides valuable insights into various aspects of the event, such as organization, content, and overall experience.
